

Welcome to the 2017 Crystal Rabbit Moon Edition of the Noos-letter

Welcome to the Crystal Rabbit Moon of Cooperation, the twelfth moon of the [Planetary Service Wavespell](#).

The Crystal Moon calls on us to Cooperate and Universalize our knowledge, building bridges of compassionate communication. The power of unconditional love and understanding is what draws the conscious from the unconscious. The Law of Time makes conscious what was unconscious

We are witnessing many events on our planet that do not exemplify the self-realized human. There are different names given to the force on our planet that seeks destruction and separation. *Lucifer* represents the unconscious energy and "service to self." It is the energy that seeks separation, disharmony and chaos. This energy has now infiltrated all the main institutions from politics to religion to all forms of media, and even into peace groups.

Lucifer, 'bringer of light' was an archangel highly favored by God until he rebelled. In Jose Arguelles' *The Arcturus Probe* Lucifer states: "In the origins of everything, it was I who first became 'I' and not 'we'". This represents the fragmented (non)consciousness that we now see rampant on our planet today. In *The Arcturus Probe*, Lucifer says:

As much as I was light, I was ego, the force that maintains power in its separateness. It was the combination of sixth-dimensional light and third-dimensional ego that made my moves so contradictory and my actions easy to misperceive. Since there is neither good nor bad in any absolute sense, the effects of all of my actions have been ultimately creative, furthering the cause of evolution toward the light.

Luciferean energy takes no personal responsibility for its actions and blames others for that which it is guilty of. It is the energy that assumes that whatever cosmic truth is discovered is his/her discovery rather than universal knowledge. This air of superiority is what causes many wars. In order to exit the Kingdom of Darkness requires us to fearlessly face the contents of the unconscious. We have the power to overcome all past distortions.

In the pulsar cosmology of the wavespell, the twelfth position or tone, corresponding to the twelfth moon, completes the third-dimensional mind pulsar that began in the fourth moon, the Self-Existing Moon of Form. This 12th position signifies the cooperation of form when we take stock of past actions and prepare future actions.

It is time to prepare for the [Day Out of Time](#)! Create a festival or meditation to invoke the Highest Dream. Create art. Make Planetary Vision boards. Invoke the experience of what it is like to once again live in tune with the harmony of the Universe. Let's use this day to consciously focus our intentions to generate and extend healing vibrations of universal love and acceptance to all beings. Send us your event flyers and we will post: info@lawoftime.org.

Peace is the culture of the biosphere.

HUNAB KU 21
GALACTIC TREE OF LIFE & KNOWLEDGE

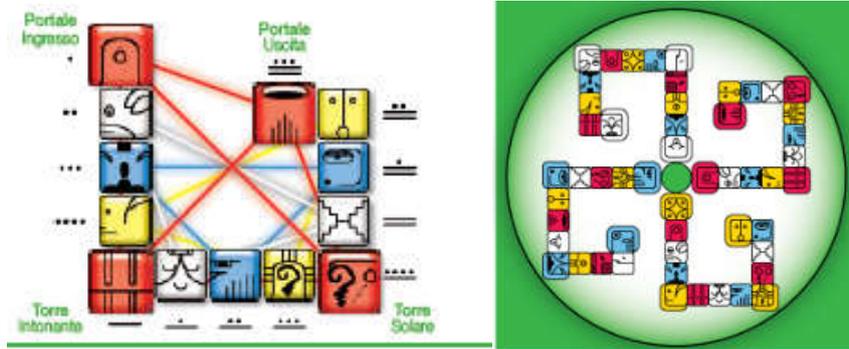

SHOWING HEPTAD PATHS 45-48

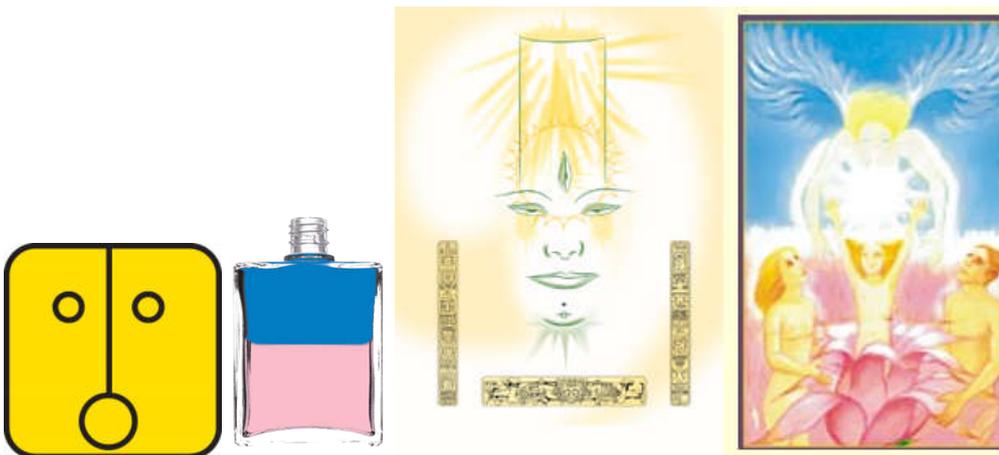

In the [Galactic Superstructure/the Hunab Ku 21](#), the four heptads of the **Crystal Moon** - taken as a whole - are the place *in time* where is attained the "**power of knowledge and love are crystallized**". The Crystal Moon completes the paths that contain the Court of the Avatar (Blue Hand/Knowledge) and the Court of the Compassionate One (White Dog/Love).

Wavespells of the year Blue Spectral Storm kin 219

The wavespell of the year, the Red Magnetic Moon kin 209, is the 17 wavespell of the Tzolkin and in the Green Central Castle of Enchanting , Court of Matrix , that synchronizes the human and represents the power of Healing

The 12th Moon, The Crystal Rabbit Moon of Cooperation, is the 12th step of the wavespell and connects with the Yellow Crystal Sun kin 220 –and it is the possibility to universalize light so that we can we can dedicate ourselves to all that lives. As far as Aura-Soma is concerned we will connect to the Equilibrium 20–12: The Star Child bottle and the Peace Bottle The more we connect to the light of the child in us and to our solar system and a solar consciousness the more balance we will bring to our male and female side internally. At that point as humans we can cooperate and we can bring clarity and peace and communicate unconditional love.

In the Major Arcana of the Tarots B20 is. the outward journey of **the Path of Judgement** and in the 20 Archetypes of the Galactic Tree of Life: **The Enlightened One**

The Enlightened One. My number is 20, the number of the totality of the universe. I was conceived and born in meditation. My task is the awakening of all beings simultaneously. To know me is to know the light of truth that shines on everything

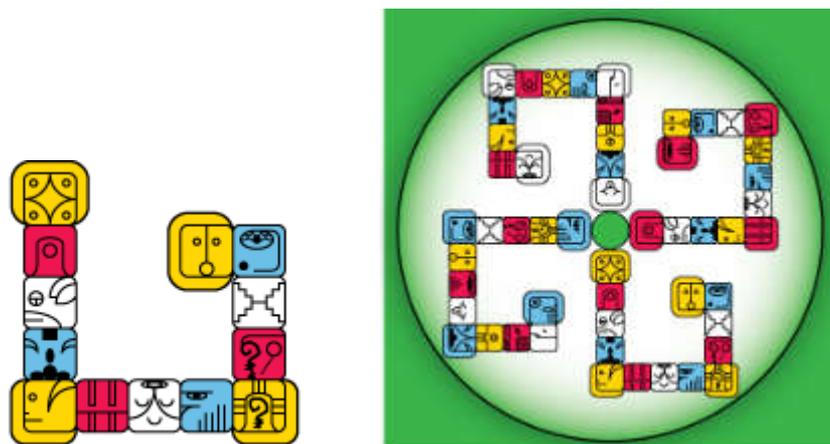

In the Major Arcana of the Tarots B12 is the outward journey of **the Path of The Hanged Man** and in the 20 Archetypes of the Galactic Tree of Life: **The Sage**

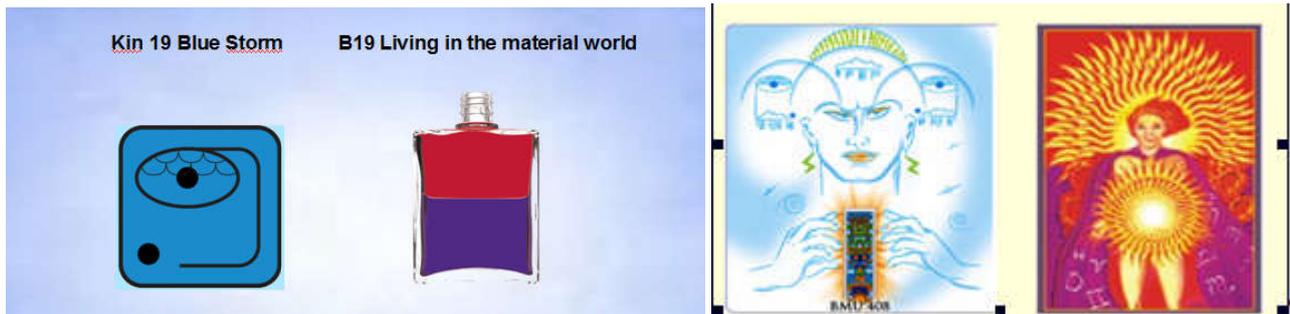

The Hanged Man viewing things in a different way. There is no service without sacrifice. To see beyond the present circumstances, be open to the unexpected. Decisions to be made

The Sage-I am the blueprint of the purified solar human. I speak with the voice of the noosphere, announcing the return of all things good. To know me is to know yourself

Continuing our One Moon = One Kin count which began in the Magnetic Moon of the Yellow Overtone Seed Year (1997), this Moon corresponds to **Kin 259, Blue Crystal Storm in the wavespell of the Star**, in the Central Green Castle of Enchantment, Court of Matrix, that synchronizes the human. Represents the power of Creativity

The 12th step of this wavespell relates to **Kin 259, Blue Crystal Storm**, and it is the possibility to universalize new catalyzed energy for transformation. As far as Aura-Soma is concerned we will connect to the Equilibrium 19–12: The living in the material world bottle and the Peace Bottle . The more we heal the first chakra and the issues of materialism and let go of the old conditioning-thought forms in relation to survival, sex, family, the deeper we can bring transformation and .cooperate in peace

In the Major Arcana of the Tarots B19 is. the outward journey of **-the Path of the Sun** and in the 20 Archetypes of the Galactic Tree of Life: **The World Changer**.

The Path of the Sun

The light of consciousness, harmony, strenght and enthusiasm. Allow the light to shine, radiate love, release from the darkness. The chance to give and receive happiness.

The World Changer: I am the master alchemist, the force that is beyond the philosopher's stone. Skilled at the arts of transformation I am the catalytic transformer of world consciousness and planetary living
