

Welcome to the Overtone Peacock Moon of Radiance! This is the fifth moon of the [Planetary Service Wavespell](#), holding the power of Radiance.

There is much rearrangement occurring aboard Timeship Earth. There are many colliding belief systems. Humanity is divided. It is not only divided on the outside but inwardly as well. Everything comes from mind. Our minds joined together makes the collective.

We are still in the midst of frequency wars. All of the darkness is bubbling over to the surface. There can be no peace on Earth without inner change. As we resolve our inner duality, the external world magically changes. In this Moon we are called to Remember our Power by plugging our Mind back into the Original Source.

*Ahimsa* is the principle of non-violence among all living things. This was the key practice of Gandhi.

"Ahimsa is an attribute of the brave. Cowardice and ahimsa do not go together any more than water and fire.

"Humankind has to get out of violence only through non-violence. Hatred can be overcome only by love. Counter-hatred only increases the surface as well as the depth of hatred." -Gandhi

One way to empower ourselves this Moon is to purify our body and commit to improving your diet by consuming more whole, unprocessed foods. Now might be the time to detox or make lifestyle changes to accommodate a higher vibration.

The totem animal for this Overtone Moon is the peacock, representing beauty, radiance and resurrection. The peacock is also associated with the Phoenix who rises from its own ashes—teaching us the mystery of resurrection.
