

Welcome to the Resonant Monkey Moon! This is the 7th Moon of the Planetary Service Wavespell, holding the power of Resonant Attunement.

We live in a world of driverless robo-cars guided by radar and lasers, drones, nanotechnology and smart phones. Most people's time is usurped in work environments or living situations that do not resonate with their core essence, where they are a pawn of the machine and a slave to money.

As the new beam intensifies it becomes increasingly uncomfortable or maybe even intolerable to stay in these situations.

Most suffering comes from forgetting the Ultimate Reality and our connection to SOURCE, which is where our true power resides. A key factor blocking our connection to Source is unresolved emotions.

This Moon you are invited to prioritize your feelings and increase your meditation. Keep a journal to check in with your feelings throughout the day. Work on replacing negative emotions with positive ones. Practice making decisions based on how you feel, not based on a perceived way of "how things should be." Go in the direction of what feels good, what gives you energy.

We are here to "solve" ourselves and to regain full memory of our purpose on this Planet. The Time codes assist as memory triggers and a means to raise our frequency. The higher we raise our frequency the more our supernatural powers return. This is our birthright. We are the Key. We are the keyhole. We are TIME itself.

In the pulsar geometry, the seventh tone is the hinge of the second-dimensional sense pulsar; bringing the qualities of resonance and attunement to our unique channel. Resonant 15, January 24, marks the 76th solar orbit since the birth of Jose Arguelles/Valum Votan. In honor of his Galactic Genius and tireless work for humanity to "take back its time", we offer the following quote:

"Mother Earth needs YOU! We have to really increase pumping positive vibrations into the planetary mental field. Increase mindfulness! Watch for any sneaky, lurking negative thought forms including: Thoughts of worthlessness, competitiveness, anger towards others, dishonesty and lack of truthfulness with oneself and in ones relations with others, impatience, blame, etc. And instead replace these with thoughts of self-worth, universal love, compassion, forgiveness, sympathy, patience, exertion, harmony, wishes for health, radiance, universal peace and well-being. Adopt positive affirmations: May all beings live in harmony! May love radiate from every pore of my being to the whole Earth! Where there is sickness may there be health, where there is war may there be peace! May the guns be laid down and may art flourish where there are no guns! Fly banners of peace! Give up all fear!" -Jose Arguelles/Valum Votan

Wavespells of the year Red Solar Moon

The wavespell of the year, the Red Magnetic Dragon kin 1, is the first wavespell of the Tzolkin and of the Red Castle of Becoming, Court of Birth and represents the power of Birth, the action of nourishment and the essence of Being. It is also the beginning of the Genesis of the Dragon that started 26.000 years ago. We have the chance to give birth to ourselves and what we really need, through our the female, creative power and take care of our belly and the belly of the Earth, source of all life.

As far as Aura-Soma is concerned we will connect to the Equilibrium 1: the Physical Rescue. Bottle 1 will be a purification for the body while it nourishes the being. It is the first of the Major Arcana in the Tarots: the Magician. As Magicians we can start being aware we have all the elements in us, all the tools we can use to create and give birth to something new. We can have a fresh understanding of our role in the creative process of life. Our affirmation can be: I love life and life loves me.

It is the first of the 20 Archetypes of the Galactic Tree of Life, the Galactatron—the Initiator the Red Dragon. The Primal Force of Cosmic Being. Holds the Marka Pole (upper pole) that controls the power of cosmic being and descends as cosmic knowledge. Opens the Universal Light Gate to the Court of the Avatar

In relation to the wavespells that followed the Closing of the Cycle and the 16 years of the Cube of the Law (1996-1997- 2012-2013) this is the second and relates to the White Magnetic Wind kin 222, in the Central Green Castle of Enchantment, Court of Matrix, that synchronizes the human.. Represents the power of Spirit, the action of Communication and the essence of Breath.

As far as Aura-Soma is concerned we will connect to the Equilibrium 2: the Peace Bottle.. Bottle 2 will be the possibility to bring peace in the depth of the self and in the conscious mind and to communicate this peace. To become a breath of peace. It is the second of the Major Arcana in the Tarots: the High Priestess. As a High Priestess we can let the Spirit speak through us and be a channel for a peaceful, nurturing energy.

It is the second of the 20 Archetypes of the Galactic Tree of Life, The High Priestess, **the White Wind. The Essence of Cosmic Spirit, Urania, The Spirit Breather** –Holds the Darka Pole (lower pole) that controls the power of cosmic spirit that ascends as prophecy. Opens the Universal Light gate to the Court of the Prophet.

Moons of the year Red Solar Moon

In relation to the service wavespell of the year, that of the Red Magnetic Dragon, attracting the power of Birth, and to the wavespell of the White Magnetic Wind, attracting the communication of the Spirit, this **Seventh Moon** relates to the seventh steps of the wavespells and their function of resonating with the purpose and inspiring through **the Blue Resonant Hand, kin 7, and the Yellow Resonant Star, kin 228.** We can accomplish through knowledge and healing for the purpose of giving birth to something new, being aware that we also need to resonate with the spirit and channel the healing energy through Art. We will be supported in this task by the Human that will influence through his wisdom and by the monkey with his magic and playfulness..

In Aura-Soma these codes relate to Equilibrium 7, the Garden of Gethsemene, and Equilibrium 8 Anubis, the Chariot and Justice in the Tarots, the Avatar and the Artist in the 20 Galactic Archetypes

Equilibrium 7, the Garden of Gethsemene, trust in the process of life, the hope in how things may unfold. The final test of faith is significant in relation to the opportunities in our life and whether we can trust what lies in the depths of ourselves. The more we trust the process of life the more our destiny is likely to unfold, we let go of the bitterness of the past and self-betrayal and healing can happen. The more we can make space within ourselves, the more the joy of knowledge can arise within our conscious mind and we can find our direction with clarity. Things then get accomplished.

Tarot: Being centered within one's self. Focusing the will can help to determine direction. There are no limits other than the ones we set for ourselves.

Galactic Archetype I am the Avatar – Blue Hand – I am the First Seat of Power: Power of Cosmic Knowledge (Accomplishment). *The Avatar embodies the descent of being as cosmic knowledge. He/she is the third to be initiated by the Primal Force, Galactatron. He/she represents knowledge as the accomplishment of cosmic being. Avatar receives initiatic empowerments from the Serpent Initiate and from the Hierophant, so he/she becomes the balancer of death and sex, the receiver of the two primal electrical currents, the red and the blue. As a model, the Avatar exemplifies how to embody cosmic knowledge and fulfill the commands of the evolution of cosmic consciousness.*

A fourth empowerment is received from the Yogi/Yogini and his mirror of cosmic mediation. Receive the First Power of the Journey, Cosmic Knowledge

Equilibrium 8 Anubis, the communication of knowledge, the joy of peace.. Through finding the peace within ourselves we can overcome our judgements and fears. The more we learn to trust the communication that lies at the depth of the self, the more joy and knowledge can come. Anubis guards the threshold to the other world and weighs the heart with feathers. The fewer feathers needed to counterbalance the heart, the more we are able to retain to our wings that represent the lightness of our being.. Our heart is light when we express beauty, art and elegance. Art is how the 4Dimensional being uses the 3Dimensional body to bring it in harmony with the 5Dimensional.

Tarot: Justice. Discrimination and trust. The secret lies in the heart-the point of balance. Wisdom with direction. For every action there is an opposite re-action. Be true to yourself.

Archetype: The Artist

I am The Artist – the Yellow Star – Power of Art (Elegance). I am the Second Gate of Power: Art is the beginning of Love. The Artist is the first to be emanated by the Cosmic Dreamer, for the artist is the first to follow the dream and make what he/she finds into a work of art. The Artist is the one who fashions, who makes, who reveals the beauty and elegance of creation by simple acts of awareness. For the artist, every act of art, elegance and beauty is an act of love. The artist is indispensable for the creation of the planetary art whole. The artist teaches by living and doing, for essentially everything the artist does is art. The way of the genuine artist is art as everyday life.

“Life as we live is the ritual we are looking for,” is the artist’s motto.
