

## ***Welcome to the 2017 Spectral Serpent Moon Edition of the Noos-letter***

Welcome to the Spectral Serpent Moon of Liberation,  
the eleventh moon of the [Planetary Service Wavespell](#).

The totem for this moon, the serpent, represents the  
wisdom of the earth and transformation.

Ophiuchus (the serpent-holder) is the 13th constellation in the zodiac  
sitting 180 degrees across from the Orion constellation (Osirus). The  
hidden 13 is the key to transcending Time and releasing the dormant  
feminine frequencies.

When the ancient Babylonians were developing the zodiac, they left  
out the 13th constellation so that there would be 12 signs for 12

calendar months. It is said that the Greeks removed this sign because  
it represents the resurrection of the Gods. In ancient traditions the  
carriers of knowledge were known as serpent initiates or wisdom  
serpents. They held the keys of the knowledge of previous world  
systems. In the synchronic order the **Serpent** represents Maldek, the  
destroyed planet, now the Asteroid Belt.

The serpent represented "ancient knowledge" to the Druids and they  
kept a "tree" calendar, a count of 13 moons of 28 days each, plus one  
day. The serpent was also of key significance to the Incas, Egyptians  
and Maya, who along with the Polynesians all kept a 13 moon/28 day  
count. The Lakota Indians kept a 13 moon/28-day count based on the  
"keya", or turtle, since the turtle has 13 scales on its back.

In the pulsar geometry, the eleventh tone corresponds with the  
Spectral Chamber, the liberation of the second-dimensional sense  
pulsar: tones 3-7-11. The Spectral Serpent of Liberation calls on us to

shed that which no longer serves and reminds us that the only way Out is IN.

This year the Day Out of Time is coded by Blue Spectral Night. Start planning now to Liberate the New Dream!

## Wavespells of the year Blue Spectral Storm kin 219

The wavespell of the year, the Red Magnetic Moon kin 209, is the 17 wavespell of the Tzolkin and in the Green Central Castle of Enchanting , Court of Matrix , that synchronizes the human and represents the power of Healing

The 11<sup>th</sup> Moon, The Spectral Serpent Moon of Liberation, is the 11<sup>th</sup> step of the wavespell and connects with the Blue Spectral Storm, kin 219 –the energy of the current year- - and it is the possibility to liberate transformation so that we can dissolve and let go and new energy can be auto-generated. As far as Aura-Soma is concerned we will connect to the Equilibrium 19–11: The living in the material world bottle and Essene Bottle 1. The more we heal the first chakra and the issues of materialism and let go of the old conditioning-thought forms in relation to survival, sex, family, the deeper we go inside the pink of acceptance and compassion and become a channel of unconditional love and that becomes our strength. At that point we can bring magic and playfulness.

In the Major Arcana of the Tarots B19 is. the outward journey of **-the Path of the Sun** and in the 20 Archetypes of the Galactic Tree of Life: **The World Changer**.

### **The Path of the Sun**

The light of consciousness, harmony, strenght and enthusiasm. Allow the light to shine, radiate love, release from the darkness. The chance to give and receive happiness.

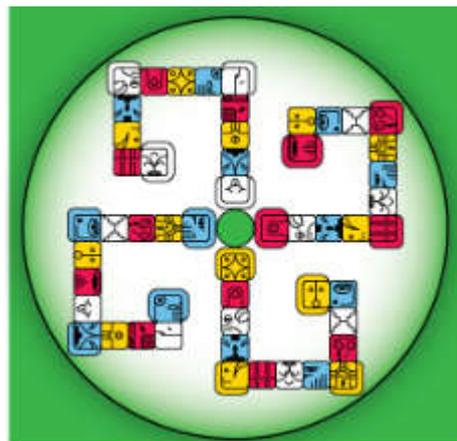

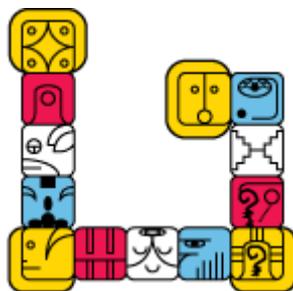

**The World Changer:** I am the master alchemist, the force that is beyond the philosopher's stone. Skilled at the arts of transformation I am the catalytic transformer of world consciousness and planetary living

In the Major Arcana of the Tarots B11 is. the outward journey of **-the Path of Strenght** and in the 20 Archetypes of the Galactic Tree of Life: **The Magician**

**The Path of Strenght** :Confidence and trust. Finding the real strenght comes from love of the self. Courage and fortitude, confidence in one's own abilities. In accepting ourselves we also accept others.

**The Magician** The Magician is the transformer, the one who changes things and performs in accordance with the higher will. He/she is the inventor of play and games that evolve the different shapes of the mind. Master of illusion, the Magician knows when to appear and when to disappear.

Continuing our One Moon = One Kin count which began in the Magnetic Moon of the Yellow Overtone Seed Year (1997), this Moon corresponds to **Kin 258, White Spectral Mirror in the wavespell of the Star**, in the Central Green Castle of Enchantment, Court of Matrix, that synchronizes the human. Represents the power of Creativity

The 11th step of this wavespell relates to **Kin 258, White Spectral Mirror**, and it is the possibility to liberate cosmic order so that we can let go in the reflection of what is eternal. As far as Aura-Soma is concerned we will connect to the Equilibrium 18 –11: The Egyptian Bottle 1 and the Essene bottle 1.

The more we heal the solar plexus and the issues of manipulation and abuse, the deeper we go inside the pink of acceptance and compassion and become a channel of unconditional love and that becomes our strenght. At that point we can bring magic and playfulness.

In the Major Arcana of the Tarots B18 is. the outward journey of **-the Path of the Moon** and in the 20 Archetypes of the Galactic Tree of Life: **The Yogi-Yogini**

### **Path of the Moon**

Intuition. Illusion. The unconscious. Trust in the feelings. Remember that all situations have two sides, one apparent, one hidden.

**Galactic Archetype: Yogi-Yogini** that dwells in an undistracted meditation and reflects the endless dream holding the key to the mirror universes
